Rethinking care: from the perspective of disabled people - conference report and recommendations (2001)

The meeting upon which this report is based aimed to give people with disabilities an opportunity to contribute to the process of "rethinking care" with respect to policy regarding the development of health and social services, and, in so doing, provide new insights and knowledge for the formulation of appropriate recommendations for WHO Member States

CBR: A Strategy for Rehabilitation, Equalization of Opportunities, Poverty Reduction and Social Inclusion of People with Disabilities (Joint Position Paper 2004)

This ILO/UNESCO/WHO publication focuses on community-based rehabilitation as an effective strategy for increasing opportunities for people with disabilities. The document emphasizes the importance of the direct participation of people with disabilities in planning and implementing community-based rehabilitation programmes, the need for increased collaboration among sectors providing services, and the need for government support and development of national policies.
